## BITTER?

**NIMM** einen Streifen Papier und schmecke.

Das Papier ist mit PTC (Phenylthiocarbamid) getränkt, das nur ca. 70% der Europäer schmecken. Vermutlich können die restlichen 30% andere Stoffe schmecken. Die Fähigkeit bitter zu schmecken schützt uns vor dem Verzehr von giftigen Pflanzen.

**Hinweis: In größeren Mengen ist PTC giftig.**

## BITTER?

**TAKE** a strip of paper and taste.

The paper is impregnated with PTC (phenylthiocarbamide), which only about 70% of Europeans can taste. Presumably, the remaining 30% can taste other substances. The ability to taste bitter protects us from eating poisonous plants.

**Note: In larger quantities, PTC is toxic.**

## NASENFORM

**RICHTE** die beiden äußeren Spiegel so aus, dass du deine Nase im Profil siehst. Sei ehrlich..., welche Form hat deine Nase?

**ALIGN** the two outer mirrors so that you can see your nose from the side. Be honest..., which nose shape do you have?

## NOSE SHAPE
