da staunst du.

CREATE your own animation.

USE the toys and the other materials.

POSITION them in front of the camera.

MOVE them a tiny bit and take a picture after each move.

USE the button next to this screen to take a picture. Press X if you want to select and delete single pictures.

Different materials are locked away in the exhibit. If you want to use them, please ask a phaeno employee.

You can send out your finished film by email.
